

# GRADUATE! TACOMA

Every Child. One Community. Cradle to Career.

## COLLEGE AND CAREER JUNIOR TOOLKIT

For Students and Parents

Class of 2019

### INSIDE

Letter to Students and Parents .....	2
High School Graduation Steps: Make Sure You Are On Track .....	3
Know Your Options: Learn to Earn .....	4
Paying for College.....	6
Junior Checklist for College Planning.....	8
Maximize Your Summer .....	10
Top 10 College and Career Action Steps .....	11

**ACTION  
STEP**

Share this Toolkit and the steps in it with a supportive adult who can help you set goals and achieve your future. Save this in a notebook to refer to and ask when you need help.

Dear Junior Students, Parents, and Guardians,

Students can take many paths to earning higher education degrees or technical certifications in the career fields they choose. Whether you are considering a university, community or technical college, apprenticeship, or the military, the junior year is the perfect time to begin the conversation about goals, explore options, and plan next steps.

Use the **Top 10 College and Career Action Steps** highlighted at the bottom of each page and summarized on page 11 in this toolkit to stay on track to graduate and make a smooth transition to college. Don't wait until the last minute; use these resources to plan for your future now!

### College and Career Counselors

Your high school's College and Career Counselor can answer additional questions, and many schools also have very knowledgeable college support staff. Don't hesitate to seek help. Employers and colleges highly value "self-advocacy"- or your ability to speak up for yourself.

Here is their contact information:

<b>FOSS</b> ]		Juanita Cantrell-Jeffreys..... 253.571.7358..... <a href="mailto:jjeffre@tacoma.k12.wa.us">jjeffre@tacoma.k12.wa.us</a>

Look for the **Senior Toolkit** coming in September with next steps for planning your future. You may also go to [Plan4College.ME](http://Plan4College.ME) for more events and resources for college and career support, or contact Wendy Holcomb, Plan4College Outreach Coordinator at 253.272.1600 or [wholcomb@graduatetacoma.org](mailto:wholcomb@graduatetacoma.org).

Have fun and good luck!

# HIGH SCHOOL GRADUATION STEPS:

## Make Sure You Are On Track

### Step 1: Check your high school transcripts.

Make sure you have the credits needed to graduate and the courses required for college admission.

Make sure your transcript has these required courses for a total of **24 credits** required for all 2019 TPS High School Graduates:

ENGLISH	4 credits
FINE ARTS	2 credits (such as Choir, Band, Theater, Photo, or Drawing)
WORLD LANGUAGE	2 credits* in same language; Credits may be in a Personalized Pathway Requirement (courses leading to a post-high school plan such as CTE)
SOCIAL SCIENCES	3 credits
MATH	3 credits* (including 2 Algebra and 1 Geometry); Many 4-year colleges require 4 credits
SCIENCE	3 credits (including 2 Lab Science); Many 4-year colleges require 3-4 credits
HEALTH & PE	2 credits for TPS graduation (.5 Health + 1.5 PE)
OCCUPATIONAL ED	1 credit for TPS graduation (.5 Digital Communications + .5 Career & Tech Ed)

*\*For more selective 4-year colleges, the requirements may be greater. These colleges want to see that you have challenged yourself with college preparatory classes. Make sure you check the admission requirements for schools you are considering and plan your summer and senior year accordingly.*

### Step 2: Get back on track, if you are missing anything.

It's not too late. Meet with your school counselor to make a plan to fill any gaps in your transcript this summer, including retrieving or adding credits, retaking classes, and improving your GPA (grade point average).

### Step 3: Pave your pathway to success.

Use the enclosed "Junior Checklist," pages 8-9, to find right-fit schools and prepare a competitive application package. See [Plan4College.ME](http://Plan4College.ME) for more details.

### Step 4: Maximize your summer!

Do something that makes you stand out from the crowd: work, volunteer, intern, job shadow, attend a camp, or participate in a summer program. See "Maximize Your Summer," page 10, in this toolkit for more information.

#### Did You Know?

Completing Career Cruising is a required step of your High School and Beyond Plan for Graduation. Be sure to log into [CareerCruising.com](http://CareerCruising.com) and see your counselor if you need any help.

**ACTION STEP 3**

**Check your high school transcript** to make sure you have all credits for graduation. Meet with your counselor if you need to make some up.

# KNOW YOUR OPTIONS

While future income is just one of the factors to consider when choosing a career, it's important to be aware that more and more of the jobs that pay well across the nation require a college degree or a technical certificate.

## THE MORE YOU LEARN THE MORE YOU EARN!

### National Average Income by Level of Education

LESS THAN HIGH SCHOOL \$26,208

HIGH SCHOOL GRADUATE \$35,984

SOME COLLEGE OR TECHNICAL SCHOOL \$39,312

ASSOCIATE'S OR TECHNICAL DEGREE \$42,588

BACHELOR'S DEGREE \$60,112

MASTER'S DEGREE \$71,760

DOCTORAL DEGREE \$86,528

PROFESSIONAL DEGREE \$90,740

Source: 2016 National Census Bureau of Labor & Statistics

**Remember** – financial aid is available for families who demonstrate need, so be sure to consider the potential return as well as the cost of the investment you make in higher education.

There are many pathways toward a degree and a career; the key is to find programs that are a good **fit** with your interests, talents, finances, and goals. Here are the basics:

### Public, Private, and For-Profit Colleges

- **Public Colleges** are funded by local and state governments and usually offer lower tuition rates than private colleges, especially for students who are residents of the state where a college is located.
- **Private Colleges** rely mainly on tuition, fees, and private sources of funding. Private donations can sometimes provide generous financial aid for students, so don't let the published expense scare you off until you explore options.
- **For-Profit Colleges** are for-profit businesses that offer a variety of degree programs that typically prepare students for specific careers. They tend to have higher costs, which could mean graduating with more debt. Credits earned may not transfer to other colleges, so be sure to check with the admissions office at each college.

### Four-Year Colleges

Four-year colleges offer four years of study that lead to a bachelor's degree. Students choose a major in a range of areas, such as art, business, psychology, or zoology.

- **Universities** often are larger and offer more majors and degree options—bachelor's, master's and doctoral degrees—than colleges. Most universities contain several smaller colleges, such as colleges of liberal arts, engineering, or health sciences. These colleges can prepare you for a variety of careers or for graduate study.
- **Liberal Arts Colleges** offer a broad base of courses in the liberal arts, which include areas such as literature, history, languages, mathematics and life sciences. Most are private and offer four-year programs that lead to a bachelor's degree. These colleges can prepare you for a variety of careers or for graduate study. Many private liberal arts colleges use one online **Common Application** ([CommonApp.org](http://CommonApp.org)) for admission.

**ACTION  
STEP  
4**

Visit a local two- or four-year college that fits your future career plans. Tacoma has many "Right Fit, Right Here" options to choose from.

# KNOW YOUR OPTIONS

## Two-year Colleges

Two-year colleges, including **Community Colleges**, offer programs that last from three months to two years that lead to a certificate or an associate degree. Students who earn an associate degree can transfer to a four-year university as a junior and often can finish in two years. This is a great way to cut costs or improve grades.

- **Vocational-Technical Colleges**

Vocational-technical and career colleges offer specialized training in a particular industry or career. Possible programs of study include the culinary arts, firefighting, dental hygiene, and medical-records technology. These colleges usually offer certificates or associate degrees.

To learn more about the variety of programs offered at Tacoma Community College, Pierce College, Bates Technical College, Clover Park Technical College, and Washington's other 30 community and technical colleges, go to: [SBCTC.edu](http://SBCTC.edu)

## Other Important Post-High School Options to Explore

- **Apprenticeships**

Apprenticeships include a mix of technical education and on-the-job training. Students earn while they learn through apprenticeships in trades and technology. These two- to four-year programs, which are competitive and require solid math abilities, provide the pathway to well-paid jobs. Apprenticeship programs offer certifications, licenses, and/or college degrees.

To learn more about these programs offered by employers (such as Boeing), trade unions (such as electricians and roofers), and independent programs, go to [ExploreApprenticeship.wa.gov](http://ExploreApprenticeship.wa.gov)

- **Military**

Military experience teaches life skills and often provides technical education. Service can also provide scholarships and pay can help toward funding college education. To learn more about this option, go to [TodaysMilitary.com](http://TodaysMilitary.com)

### Students, Did You Know?

As you near graduation, you will be required to submit a VANI. What is a VANI? It is your Verification of Acceptance to your Next Institution. Use this toolkit to start planning how you will complete your VANI.

### Parents, Did You Know?

Tacoma Public Schools offers free college tours for families this spring to local two- and four-year colleges. Learn how to help your child meet his or her college and career goals. Free transportation is provided from the TPS Central Administration Building, 601 S. 8th St., Tacoma, 98401. Contact the TPS Community Partnership Office for more details about the schedule and registration: 253.571.7980, or [TacomaSchools.org/CollegeTours](http://TacomaSchools.org/CollegeTours).

## Important Tips for Parents

- One of the most important things you can do is to help your teen stay organized in the application process. You can get help at your high school career center, information sessions, college fairs, and application workshops.
- Financial aid is available, including the College Bound Scholarship. Be sure to file the FAFSA (Free Application for Federal Student Aid) or WASFA (Washington Application for State Financial Aid) in October 2018. Attend a financial aid information session at your high school or local community or technical college for more information. Application fee waivers are also available for the admission application process. See more in the "Paying for College" section on page 6 in this toolkit.

**ACTION  
STEP**  
**5**

**Explore career options** and build your resume by signing up for an occupational education class offering industry-recognized certification (IRC) or an internship through the TPS Next Move, [NextMoveTacoma.org](http://NextMoveTacoma.org). See your counselor to get connected.

# STEPS FOR PAYING FOR COLLEGE:

Financial aid makes paying for college possible!

The cost of attending college is different for every school and every student. If you apply to several schools, you can compare the types of financial aid you are offered. To properly plan as a junior, it is important that you learn about the first steps and many different ways to pay for college listed below. Take note of important deadlines that will be coming up in your senior year.

## Deadlines

To be considered for the most financial aid possible, you have to submit the **FAFSA** (Free Application for Federal Student Aid) or **WASFA** (Washington Application for State Financial Aid) by the earliest priority date of the colleges to which you'll be applying in your senior year— every college's priority date is different, so be sure to check each one. The FAFSA and WASFA now open **October 1** of every year and a new application must be submitted each year.

## 1 Talk about paying for college

Take time as a family to discuss your education budget, funding resources, and options so everyone is on the same page. Remember, financial aid is available for families who demonstrate need, so be sure to consider the potential return as well as the cost of the investment you make in higher education.

## 2 Learn about financial aid at each of the schools on your list:

- Go to individual school websites and see estimated costs for tuition and housing. Many school websites have **Net Price Calculators** which will help provide an estimate of costs and eligibility for financial aid.
- Contact the Financial Aid or Admission Office at each school for help with applications and explanations of aid available.

## 3 You will need to complete the FAFSA or WASFA beginning October 1, 2018:

- Free Application for Federal Student Aid (FAFSA), [FAFSA.ed.gov](https://fafsa.ed.gov)  
The FAFSA form will ask for information about your family's finances and then calculate how much you and your family are expected to pay for your college expenses. The FAFSA is required at most colleges in order to qualify for **GRANTS, LOANS, WORK STUDY** and most **SCHOLARSHIPS**. Make sure to attend a FAFSA Workshop so you know the required documents to gather in order to properly complete your FAFSA. You can check [Plan4College.ME](http://Plan4College.ME) for financial aid information sessions in Tacoma.
- Use FAFSA4caster – <https://fafsa.ed.gov/FAFSA/app/f4cForm> to see what your Estimated Family Contribution might look like.
- If you are not a U.S. citizen, use the Washington Application for State Financial Aid (WASFA), [ReadySetGrad.org/WASFA](http://ReadySetGrad.org/WASFA).
- Some private, 4-year colleges may also require the **College Scholarship Service Profile (CSS)**, which includes a fee and more detailed information than the FAFSA. See individual school websites or <http://Student/CollegeBoard.org/css-financial-aid-profile>

**GRANTS:** Money that you do not have to pay back, awarded based on family need.

**SCHOLARSHIPS:** Funds from colleges or other sources, often recognizing academic merit, sports, service, arts, or other strengths. Money does not have to be repaid.

**WORK STUDY:** Special jobs where your wages can help pay for school and personal costs.

**LOANS:** Money you can borrow and repay over time, with interest added. Some loans have low interest, but families should think seriously about how they will repay before accepting a large loan.

**ACTION STEP**  
**6**

**Talk about paying for college** with a supportive adult or parent, including budget, funding resources, and options so everyone is on the same page.

## College Bound Scholarship

The College Bound Scholarship is a commitment of state financial aid to **eligible** students and is a four-year scholarship covering tuition (at comparable public college rates). If you signed up for the College Bound Scholarship in 7th or 8th grade, you will still have to complete FAFSA or WASEFA in your senior year, as well as additional financial aid forms at the college you choose. If you are unsure if you signed up for the College Bound Scholarship, you can contact your counselor to learn more.

## Tacoma Scholarships

Tacoma has some excellent scholarships for TPS students. Be sure to investigate the following scholarships, making note of their application due dates. Your high school may have its own scholarship page as well, so see your school website or career center for more information.

- **Act Six – ActSix.org.** A four-year, full-tuition leadership scholarship to four participating private colleges for seniors. Registration opens August prior to senior year and applications are due in November.
- **Elizabeth Wesley Youth Merit Award – eWesleyAward.org.** For African American students who have completed grades 10 or 11 and earned at least a 2.5 GPA. Applications due June 30.
- **College Success Foundation – CollegeSuccessFoundation.org.** The CSF website has a number of scholarships specifically for Washington state students, as well as helpful college resources for parents and students.
- **Washington State Opportunity Scholarship (WSOS) – WAOpportunityScholarship.org.** A four-year renewable scholarship for Washington seniors who pursue a STEM (science, technology, engineering, math) major at Washington two- and four-year colleges. Applications open January of senior year and close in February.
- Also see **theWashBoard.org** and your school's website for more scholarships for Washington state students.
- **Pacific Lutheran University, 253 PLU Bound Scholarship – PLU.edu/253.** A full-tuition scholarship to PLU for students who are College Bound Scholarship eligible, attend a high school in the 253 area code, and have a 3.7 or higher weighted GPA.
- **University of Puget Sound, Tacoma Public School Commitment – PugetSound.edu.** University of Puget Sound has a commitment to meet the full financial need of 30 TPS students who are admitted.
- **University of WA, Husky Promise – Washington.edu/HuskyPromise.** Guarantees full tuition and standard fees will be covered by grant or scholarship support for all eligible Washington state students at all UW campuses.
- **Washington State University, Cougar Commitment – WSU.edu.** A commitment that full tuition and standard fees will be covered by grant and scholarship support for all eligible Washington state students.
- Additional Washington state universities – including Western, Eastern, and Central – have their own scholarships, so go directly to their websites to learn more.

## Earn College Credit while in High School

Please see your school counselor for more information.

Tacoma High Schools now opt students in to Accelerated Classes, which allows you to earn college credit while still in high school, including:

- Advanced Placement (AP)
- International Baccalaureate (IB)
- College in the High School
- Running Start at Community and Technical Colleges
- Career and Technical Education (CTE)
- Industry Recognized Certification (IRC)
- World Language Proficiency Test (Credit possible in 60 different languages)

## 📌 Important Tips for Parents

Parents and students, start researching and discussing your financial aid and scholarship options now. The more you plan ahead, the more funding options will be available to achieve your future college and career goals. You are not alone in this process. Visit your career center and **Plan4College.ME** for more resources and support.

**ACTION  
STEP**

Set up a scholarship search account at **theWashBoard.org** and apply for at least one scholarship.

# JUNIOR CHECKLIST FOR COLLEGE PLANNING

**Explore. Plan. Promote Yourself. Visit.** Use this checklist, get connected to the community mentors and resources listed in this toolkit, and go to [Plan4College.ME](http://Plan4College.ME) for more help.

## Explore

There is no one perfect college, so consider a range of schools that fit your needs. It's easy to research schools online. Some good websites to start learning about college options are:

- [CareerCruising.com](http://CareerCruising.com)
- [BigFuture.CollegeBoard.org](http://BigFuture.CollegeBoard.org)
- [CollegeResults.org](http://CollegeResults.org)
- [ImFirst.org](http://ImFirst.org)

Your counseling office and public library will also have copies of resources such as the *Fiske Guide to Colleges*, *Colleges that Change Lives*, and others.

1.  **Make a list of 5-7 programs or colleges** that meet your interests and career goals. Include “reach,” “solid,” and “safety” schools on your list.

**REACH** – *someplace you would like to go, but may not match the recommended grades and test scores*

**SOLID** – *a good match with your grades and test scores*

**SAFETY** – *you are highly likely to be accepted based upon your grades and test scores*

2.  **Keep track of application deadlines, requirements, tests, and procedures.** Use a calendar, phone, or set up an account at a college search website such as [CollegeBoard.org](http://CollegeBoard.org) to track your progress.

3.  **Look and sign up for summer opportunities,** including jobs, internships, and summer study programs on college campuses. See “Maximize Your Summer” on page 10 for more options.

## Plan

Use these planning steps this spring and summer to make sure you are prepared for your senior year and have many options open to you.

1.  **Meet with your counselor and review your plans** for after graduation, grades, transcript, PSAT scores (Preliminary-SAT), and courses planned for senior year including rigorous classes (AP, IB, Tech Prep, College in the High School, and Running Start), to make sure that you are on track for graduation and college applications. See the “High School Graduation Steps” on page 3 for details.

2.  **Finish the junior year strong** with good grades! Your junior grades are the first thing colleges look at and will contribute to your overall GPA and a competitive application package.

3.  **Prepare for standardized college entry exams, SAT or ACT.**
  - TPS will offer free SAT testing for all juniors during school on March 21 and for seniors in October. SAT prep materials, study tips, and practice tests can be found online at [CollegeBoard.org](http://CollegeBoard.org), [KahnAcademy.org](http://KahnAcademy.org), and at your library or career center. Find out if your schools of interest require any SAT subject tests as well.
  - Some students do better on the ACT. [ActStudent.org](http://ActStudent.org) features test prep, registration, and dates. Fee waivers are available; check with your counselor.

# Promote Yourself .....

Start developing a competitive application package that proves you are a strong candidate for admission or scholarships. Put your best foot forward with a well-written, clear, and complete application.

**1.  Create a resume or “brag sheet,”** including awards, extracurricular activities, leadership, work, and volunteer experiences. See your career center or [Plan4College.ME](http://Plan4College.ME) for more help.

**2.  Draft a personal statement** for college and scholarship applications. Use this essay to show colleges who you are beyond grades and test scores. Highlight your unique talents, passions, and any obstacles you have overcome. This essay also demonstrates your best writing skills, so take time to draft and edit. See your career center or [Plan4College.ME](http://Plan4College.ME) for more help.

**3.  Decide whom you will ask to write a letter of recommendation for you.** Many schools require recommendations from 1-2 teacher(s) and some accept community references as well. Choose someone who knows you well and will write positively about you as a student, and provide them with a resume or “brag sheet.” Ask early, at least a month prior to deadlines, and be sure to thank them.

**Artists, develop a portfolio of your work,** highlighting your talents. Include items such as audition tapes, websites, writing samples, artwork, and awards.

**Athletes, complete the NCAA Clearinghouse registration form online by June 1 ([NCAA.org](http://NCAA.org)),** if you are planning on participating in Division I or II athletics. This is required before any coaches can talk to you. If NAIA schools are on your list, register for initial eligibility at [PlayNAIA.org](http://PlayNAIA.org).

# Visit .....

See what college life is really like! Visit! Go on a tour, attend a class, or stay overnight. There are many technical, two-year, four-year, public, and private options in Tacoma and along I-5. Many colleges offer open house events for parents and students.

**1.  Sign up online for college visits this spring and summer break.** Go to the “admissions” link on the websites for the colleges on your list and register for a tour. Let them know you are coming so you can make the most of your time. Check out virtual online tours for the schools on your list, the next best way to visit if you cannot go yourself.

**2.  Attend a college or career fair in the Puget Sound area,** including:

- **College Bound Saturday coming April 21,** at Mount Tahoma High School. See your college and career counselor for more details.
- **PNACAC Spring College Fair, April 21** at Seattle University, for all students and their parents ([PNACAC.org/college-fairs](http://PNACAC.org/college-fairs)).

Find more details about these free events and more opportunities at your career center or at [Plan4College.ME](http://Plan4College.ME).

**3.  Meet college admissions representatives.** Many colleges make visits to each TPS high school. See your career center for a schedule. Better yet, set up an interview. This is the best way for them to get to know you and for you to ask questions. Making this connection can help them advocate for you and your application.

# MAXIMIZE YOUR SUMMER

Summer before your senior year is a prime time to enhance job, leadership, academic, and volunteer skills and experience, and to get on track before the busy fall of senior year.

## DO SOMETHING

Work, volunteer, intern, job shadow, attend a camp or summer academic program on a college campus. See the list below for ideas.

## GET IN THE DRIVER'S SEAT

Sign up for mailing lists for each college of interest and review the materials when they arrive.

## TAKE HOLD OF YOUR FUTURE

Get online and start researching schools and programs that fit your goals. Start applying for scholarships as well.

## PUT YOURSELF AHEAD OF THE PACK

Start online applications for the schools on your list. Many allow you to begin after August 1, including the "Common App," [CommonApp.org](http://CommonApp.org), which allows you to apply to more than 450 private 4-year colleges with one standard application. Application fee waivers are also available; check with your school counselor for more information.

### Check out some great local resources for service, leadership, and learning:

Boys and Girls Clubs of South Puget Sound	Junior staff volunteer opportunities: <a href="http://BGCSPS.org">BGCSPS.org</a> , 253-502-4600
College Depot/Summer Bridge Tacoma	1-week, free prep course in August for TPS students to prepare for accelerated classes and college applications. <a href="http://CollegeDepotTacoma.com">CollegeDepotTacoma.com</a> , 253-571-7980

## Important Tips for Parents

Planning for college and career can be exciting and also stressful and overwhelming. Students are looking forward to their independence, but still need support and encouragement. Parents can help guide their students to stay focused, organized, and motivated. You are not alone as you navigate this process. Visit your career center and [Plan4College.ME](http://Plan4College.ME) for more resources and support.

## Students and Parents, Did You Know?

Students and Parents can sign up for UP NEXT, a free text reminder tool created by Michelle Obama's "Better Make Room" Team, that can help remind you about important upcoming deadlines and encourage you during the challenges of senior year. To sign up, text your FIRST and LAST NAME to 240.623-8319.
